Synopsis

****Cursed Seas**** ****Synopsis**** In the early 1700s, the Caribbean is a battleground for power and freedom. The legendary pirate Captain "Little Head" Drake, a rugged and scarred leader, navigates these treacherous waters aboard his pirate ship. Below deck, in a dimly lit cabin, Drake studies ancient maps, while his nervous crew expresses fears of mythical creatures like the Kraken and the Sea Witch. At dawn, Drake's ship, with its black sails, cuts through the mist, pursued by a British flagship. The pirates anchor in a hidden cove, hurriedly loading treasure and weapons. First Mate Jacob warns Drake that the British are too close. Determined, Drake orders his men to prepare for a stand elsewhere. Meanwhile, on the British flagship, Admiral Williamson spots Drake's ship through a telescope and sends word to Governor Roberts in Tortuga. Roberts, eager to capture Drake, prepares his fleet for an attack. As night falls, the pirate ship buzzes with a festive atmosphere. Pirates drink, sing, and gamble, while Drake remains vigilant. Jacob questions his captain's reluctance to join the revelry, but Drake insists someone must keep watch. Later that night, the tranquil sea turns violent as the Kraken emerges, its massive tentacles wrapping around the ship. Chaos ensues, with cannons firing and swords clashing. Drake and Jacob lead the defense, targeting the Kraken's eyes. Just as the beast begins to retreat, a British cannonball strikes the ship, signaling the arrival of British soldiers. A brutal battle erupts as British soldiers board the pirate ship. Drake orders a retreat to the island, ensuring no man is left behind. The pirates fight fiercely, creating a path for their crewmates to escape. As the last of the crew reaches safety, Drake watches his ship burn, vowing revenge against Governor Roberts. Determined to rebuild and gather allies, Drake and Jacob lead their crew into the jungle, disappearing into the shadows. The war is far from over, and Captain Drake is prepared to show the British the true meaning of crossing a pirate. ****Cursed Seas**** is a tale of adventure, mythical creatures, and the relentless pursuit of freedom in the perilous Caribbean waters.

The world

Color palette

the choice of colors conveys the atmosphere of the movie. We use different shades of blue and turquoise, as well as yellow, brown and black

A group of men in 18th-century attire are seated around a long wooden table in a dimly lit tavern. The room features wooden walls with decorative carvings and several hanging lanterns. The men are engaged in conversation, with some holding glasses and bottles. The overall atmosphere is warm and historical.
